Mooxi Training srl

Mooxi Formazione Srl is a benchmark in the field of medical-scientific training, thanks to a team with solid experience in the sector. Active nationwide, the company specializes in managing and organizing university master's programs, advanced training courses, congresses, and ECM-accredited refresher courses, in collaboration with leading Italian universities. Its training activities cover highly relevant fields such as aesthetic medicine, surgery, physiotherapy, and manual therapy.

Our mission is to promote excellence and innovation in the education of medical and healthcare professionals. To achieve this goal, we leverage years of experience and a network of collaborations with nationally and internationally renowned experts, delivering top-tier training programs that are always up to date with the latest scientific advancements.
